The columned porch and stone accent facade dress up the exterior of this semi-detached. You are welcomed into a finished space, which can be a hobby room, office, or playroom. Upon walking up the stairs, you enter a cheery open floor plan of dining, kitchen and living room. Range, over the range microwave, and dishwasher are included, ready to serve your family. Kitchen island provides a place for those quick casual meals. Nearby pantry adds convenience to the cook. Quiet time for reading or homework can be found in the main floor study. Master Suite, featuring an ample walk in closet, and private double bowl bath is on the next level, with an additional two bedrooms and hall bath. Outdoors can be enjoyed on the front porch, or the 12 x 10 patio.
